

11 Technical data

Name:	ES100 M2 SPECIAL
Tank volume:	105 litres
Weight:	26 kg
Dimensions (H x W x D):	900 x 520 x 600 mm
Max. scatter width:	30 m (with heavy seed, e.g. lupins, slug pellets)
Recommended working width:	27 m
Power supply:	12V, 20A
Motor data (nominal output):	170 Watt
Motor power consumption:	25 amperes at startup, 14 amperes during normal operation
Max. speed range:	2600-3000 rpm
Attachment category:	Cat. II

Hole pattern of the counter plate:
